Apprenticeships: A subject snapshot guide for teachers

What is an apprenticeship?

Apprentices are employed in a job and paid a salary, whilst undertaking training to support the development of their skills. Apprentices will spend at least 20% of their paid time completing 'off-the-job' training where they will be supported by a training provider to achieve their apprenticeship. Apprenticeships are available to anyone over the age of 16, living in England and have no upper age limit. To find more please visit the government website:

<https://www.apprenticeships.gov.uk/apprentice/what-is-an-apprenticeship>

Which apprenticeships are there?

Geography links to lots of apprenticeships because many job roles are linked to current issues such as climate change, conservation and tourism. Some of the more obvious job roles might be Environmental Practitioner and Agriculture Manager, but have you also thought about how it might link to other jobs like Cabin Crew, Forest Operative, Geospatial Mapping and Science, Golf Greenkeeper and Maritime Occupations?

Which apprenticeship employers are there?

There are lots of employers offering apprenticeships that link to Geography. Some of the biggest names you might recognise are:

To find out more about the range of apprenticeship employers, which apprenticeships they offer, when they recruit and what the recruitment process will be like, please visit:
