

# APPRENTICESHIPS ACTIVITY BUSINESS

## TEACHER ACTIVITY GUIDE

Please use this activity sheet to encourage your students to think about apprenticeships. The task has been designed to be adaptable to students at all levels, and also to support Gatsby Benchmark 4 : Linking curriculum learning to careers.

### Aims and Objectives

#### The aims of the session are for students to:

- Consider the benefits of taking a business apprenticeship vs a full-time degree.
- Understand more about what an apprenticeship involves.

#### Students will be better able to:

- Consider a range of future options if they would like to undertake a business role.

### How it works

Download the accompanying activity resources from [amazingapprenticeships.com](https://amazingapprenticeships.com)

Read through the activity and home learning idea.

Make a plan for when you will deliver your lesson.

### Activity

30 MINS

## APPRENTICESHIPS - A GOOD BUSINESS DECISION

### Main activity

- Using the accompanying PowerPoint, show students the task slide.
- Using the task sheet, ask students to research business apprenticeships and full-time university business degrees. They should create a list of benefits for each and consider the areas on the slide.
- Ask students to share what they have found.

### Reflection task

- Ask students how they now feel about their future learning and employment options and if they have some new possibilities to consider.

### Home Learning

The apprenticeship levy is a mandatory tax-style payment that affects businesses with a payroll of £3m+ per year. More information can be found here

<https://www.gov.uk/guidance/pay-apprenticeship-levy>

Ask students to research the apprenticeship levy and create a poster or guide that could be used to give the key information to organisations that could transfer their levy, but aren't at the moment.
