

APPRENTICESHIPS ACTIVITY TECHNOLOGY

TEACHER ACTIVITY GUIDE

Please use this activity sheet to encourage your students to think about apprenticeships. The task has been designed to be adaptable to students at all levels, and also to support Gatsby Benchmark 4 : Linking curriculum learning to careers.

Aims and Objectives

The aims of the session are for students to:

- Develop an awareness of the variety of apprenticeships available related to technology.

Students will be better able to:

- Explain the range of tech apprenticeships.
- Consider an apprenticeship in a technology related area.

How it works

Download the accompanying activity resources from amazingapprenticeships.com

Read through the activity and home learning idea.

Make a plan for when you will deliver your lesson.

Activity

30 MINS

THE PUZZLING WORLD OF APPRENTICESHIPS

Main activity

- Using the accompanying PowerPoint, ask the students to solve the puzzles to work out which technology related apprenticeship is being represented.
- After they solve the puzzle, show them the information about the apprenticeship.
- Architect, Carpenter, Stonemason, Organ Builder, Blacksmith, Construction Site Supervisor, Boatbuilder, Marine Engineer.
- If you have time, you could play them this film <https://vimeo.com/158818858>

Reflection task

- Ask students if they are surprised by any of the apprenticeships available and which they might be interested in.
- You could also discuss how what they learn in lessons is related to the different apprenticeships.

Home Learning

Visit <https://www.technicians.org.uk/unblock-game/> and play their Unblock game. Screenshot how far you get! While you are there, explore what they have to say about apprenticeships.
