

HOW TO USE BLOOKET

Our quick guide to using Blooket in your classroom

STEP 1

Go to
<https://www.blooket.com>
and create a free
account.

STEP 2

Click on this link to find the
Amazing Apprenticeships
profile page:
[https://dashboard.blooket.com/discover?
n=AmazingApps](https://dashboard.blooket.com/discover?n=AmazingApps)

STEP 3

You will see our
different sets. Choose
one to play and click
on it.

STEP 4

Click the Host button
then choose which
game to play.

STEP 5

When you click on the name of the
game mode you've chosen, e.g.
Gold Quest, you will see on the
right hand side 'Host Game' or
'HW' or both. 'Host Game' means it
is a game you can play live in the
classroom. 'HW' means you can
assign it for students to play
independently. If a game has both
'Host Game' and 'HW', it can be
played live or independently.

STEP 6

For a live game, follow
the instructions on
screen to start the game.

STEP 7

If you are assigning an
independent game, send
the generated link to
your students.
