JALILAH CHESHIRE

QUANTITY SURVEYOR APPRENTICE

## Balfour Beatty

### WHICH APPRENTICESHIP ARE YOU DOING?

Quantity Surveying.

### WHAT LEVEL IS YOUR APPRENTICESHIP?

Level 6.

### WHAT DO YOU DO?

My main tasks include:

- Subcontract procurement and management
- Project cost forecasting
- Cost vs earned value reporting

### WHAT IS THE MOST EXCITING PROJECT YOU HAVE WORKED ON?

Managing a technology subcontractor – there was a lot of change to works throughout the project so this kept me on my toes and I learnt a lot about contract practice.

## WHAT IS YOUR PROUDEST APPRENTICESHIP MOMENT?

I won Apprentice of the Year in my business unit, and then presented as a finalist for the overall company award.

## WHICH FEMALE INSPIRES YOU AND WHY?

Margaret Hamilton – she led the team that created the guidance and control software that helped the Apollo moon landing. She was a pioneer in her work, with limited technology and held a mentality of equal rights and equal access where people are able to pursue jobs and challenges they want.
