These free resources have been designed to help students understand more about apprenticeships that are relevant to school/college subjects they are interested in and enjoy.

What resources are there?

How do I use them?

Each activity has been designed for you to use as flexibly as possible:

- As a stand-alone activity, perhaps during National Apprenticeships Week.
- As part of a lesson about careers in your subject area.
- As part of a lesson when the content of the activity fits in with your scheme of work.
