

APPRENTICESHIPS ACTIVITY GEOGRAPHY

TEACHER ACTIVITY GUIDE

Please use this activity sheet to encourage your students to think about apprenticeships. The task has been designed to be adaptable to students at all levels, and also to support Gatsby Benchmark 4 : Linking curriculum learning to careers.

Aims and Objectives

The aims of the session are for students to:

- Develop an awareness of the variety of apprenticeships related to Geography.
- To make links between careers related to Geography and what they have learnt

Students will be better able to:

- Articulate different apprenticeship job roles and how they link to the curriculum.

How it works

Download the accompanying activity resources from amazingapprenticeships.com

Read through the activity and home learning idea.

Make a plan for when you will deliver your lesson.

Activity

30 MINS

WHAT ON EARTH ARE APPRENTICESHIPS?

Main activity

- Using the accompanying PowerPoint, introduce this task to the students.
- Play the Green Careers film to help to engage them in thinking about apprenticeships <https://vimeo.com/765659591>
- Give students the student worksheet (there are two pages).
- Using the slide with the geography-related apprenticeships, either allocate or ask students to select an apprenticeship.
- Ask students to research the apprenticeship and find out what each involves.
- Ask them to complete the 'key information' (page 2 of the student worksheet).

Reflection task

- What have the students learnt that they didn't know before about apprenticeships?

Home Learning

Choose one apprenticeship that you have heard about today either through the activity, or within the Green film. Create one PowerPoint slide to raise awareness of the apprenticeship and how it relates to Geography.
