

APPRENTICESHIPS ACTIVITY SCIENCE: STUDENT WORKSHEET

STUDENT WORKSHEET

Task

- Here are just some of the science-related roles that were essential during the Covid-19 pandemic. You can do all of these roles as an apprenticeship!
- Split the roles into categories and YOU can decide what the categories are.
- Draw out a table or diagram of your choice to record your answers.

Activity

- Clinical pharmacology scientist
- Healthcare science assistant
- Public health practitioner
- Health and care intelligence specialist
- Environmental health practitioner
- Community health and wellbeing worker
- Biomedical scientist
- Research scientist
- Technician scientist
- Bioinformatics scientist
- Laboratory scientist
