FACTS ABOUT LEGAL APPRENTICESHIPS

Main activity

- Use the accompanying PowerPoint to take students through the different 'accurate or erroneous' (true or false!) questions, all related to apprenticeships in law.
- Students can use the accompanying worksheet, or it could be done as a hands-up task or using mini-whiteboards.
- Each question has an answer slide, which could lead to class discussion. Some of the answer slides have links you could show students as you take them through the quiz.

Reflection task

- Has this made students think differently about apprenticeships and the routes into a career in law?

Home Learning

Research a company or a law firm that offers legal apprenticeships - it could be a big city firm or a smaller local firm. Find out which apprenticeships they offer, how they work, when you can apply, what you need to do to apply and any other key facts. Be ready to present to the class.
